Question and Answer #1	
Question:	For the indirect cost, the RFA indicates “applicant budgets MAY NOT include an indirect rate or indirect costs of greater than 5%” (page 41) while the Attachment 5a and 5b includes a section on “indirect costs” which reads “All contractors are entitled to a 10% modified total direct cost...” Can you please clarify the allowable indirect rate?
Answer:	As stated on page 36 of the RFA, the maximum allowable indirect rate for this RFA is 5%. Applicant budgets may not include indirect rates that exceed 5%.

Question and Answer #2	
Question:	We applied for the Communities Mobilizing for Safety (RFA# CCH-2024-01). Are we able to apply for this RFA as well?
Answer:	Yes. As stated on page 9 of the RFA, an organization cannot be a recipient of both RFA# CCH-2024-01 and RFA# CCH-2024-02. However, all applications submitted within the required deadline from eligible organizations will be accepted and reviewed. An applicant may apply for both opportunities. In the event that an organization is awarded #CCH-2024-01 and RFA# CCH-2024-02, the organization will be given the opportunity to choose which award they accept.
